Real Estate's Premier Organization

CCIM Institute created the language of global real estate investment. Our courses and worldwide community deploy commercial real estate investment methodologies and tools that speed the pathway between opportunity, a go/no-go decision and success for an asset, taught by instructors who are themselves industry leaders. Today, the organization,

through its 50-plus chapters, continues to innovate best practices and elevate the commercial real estate professional through its core designation program to earn the CCIM pin — real estate's most coveted credential — and its topical education courses offered through the Ward Center for Real Estate Studies.
